

2026 Certification for Remote Monitoring Circulator

Overview

This guide covers every aspect of Implementing Regulation (EU) 2026/977: what it requires, how it changes the conformity assessment process, when it takes effect, and what manufacturers should do to prepare. The CDRMS examination validates the competency and skill level of practitioners who use Remote Patient Monitoring (RPM) in caring for patients suffering with chronic cardiac disorder. The International Board of Heart. The IBHRE Test Writing Committee in collaboration with testing agency, Prometric, designed the CDRMS certification examination. As of fall 2023, all exam development and administration will be facilitated by IBHRE's testing vendor, PSI. Covers maximum timelines, clock-stop rules, quotation.
