

African Smart Distribution Box Manufacturing Plant

Overview

At our fully equipped manufacturing, assembly and wiring facilities in Gauteng and the Western Cape, we produce all components of our products in-house. In our CNC plants we cut, bend and nest various enclosures, racking assemblies and mounting frames. Since its establishment in 1994, MCA has become a market leader in its industry. Specializing in the fabrication of Low Voltage Motor Control Centers, Power. Manufacturers of Low Voltage Polyethylene, Glassfibre & Steel Metering and Distribution Kiosks and Enclosures. We supply products throughout South Africa, Namibia and Africa. Golnix was founded in 2001, and have been providing quality products and. ACTOM offers a winning and balanced combination of manufacturing, service, repairs, maintenance, projects and distribution of electro-mechanical equipment through its 33 outlets across sub-Saharan Africa. Find out more about what we do, our strategy and how you can reap the benefits by partnering. Africa's Distribution Boxes market is projected to grow at 7-10% annually through 2035, driven by rapid electrification, renewable energy deployment, and industrial expansion across the continent. The market remains structurally import-dependent, with 70-85% of demand met by overseas suppliers. Whether you order electrical distribution boards, kiosks, boxes, circuit breakers or OEM spec'd LV switchgear from our stock or from our factory, our ISO 9000 certification and success record in most of SA's top 10 reticulation projects assure you of proven safety, quality, on-time delivery and. Power Process Systems is an electrical enclosure and distribution equipment manufacturer.
