

Australian Low-Voltage Complete Equipment Manufacturer

Overview

Australian Power Equipment provide supply low, medium and high voltage equipment to clients across the Power Generation, Infrastructure and Resources industry. We provide new, near new and refurbished power transformers, switchgear, substations, mining and tunnelling cables and. Fuji SMBE Macquarie manufactures advanced low-voltage electrical switchboards for applications including industrial, commercial, hospitality, data, health, infrastructure, rail, mining, retail and financial institutions. Located at Prestons in Sydney, we specialise in the design, manufacture and. Identify and compare relevant B2B manufacturers, suppliers and retailers Max. All Round Supplies specializes in low voltage switchgear, offering a complete range of products designed for kiosk and indoor substations, including various types and configurations that meet utility and customer. We proudly supply a meticulously curated range of Low Voltage products, sourced from the world's most innovative manufacturers, ensuring robust performance and foundational support for Australia's vast and varied electrical needs. We are the Agents for Untel, B&D, Leistung, & others and can fulfil orders for new equipment, for sale or hire. We can source. Low-voltage electrical distribution products and systems From circuit breakers and buses to enclosures, panel boards and switchboards, we offer a full range of safe, reliable solutions for low-voltage electrical distribution applications. Explore our low-voltage product categories Busway and Cable.

Article Content

High Voltage & Low Voltage Systems: Design & Expertise | LK ...

For businesses and industries across Australia, LK Power stands out as a leading provider of electrical engineering services, specializing in high voltage and low voltage electrical systems. Our team of

Complete Guide to Low Voltage Switchboard Rescue

Learn what an Australian Low Voltage Rescue Kit includes, required standards, testing intervals, and training to stay safe and compliant.

Transwitch | Serving Australian Green Power

Transwitch is a trusted Australian supplier, manufacturer, and engineering partner for complete medium and high voltage electrical systems — from individual

High Voltage Services | Substation Design | Testing and commissioning

Recent Projects Whether it's High Voltage private networks powering some of Australia's most critical infrastructure, Utility-scale Renewable Power Generation facilities, Integral Power brings peerless

Specialist Manufacturer of LV Switchgear Assemblies

A key to the company's success since the beginning is the understanding of the harsh Australian environment and its ongoing

Specialist Manufacturer of LV Switchgear Assemblies

A key to the company's success since the beginning is the understanding of the harsh Australian environment and its ongoing testing of assemblies. We work with leading global switchgear brands to

Electrical Construction Services | JLE Group

At JLE Group, we provide turn-key electrical construction solutions for commercial, industrial, mining, and renewable energy projects. From project estimation to final commissioning, we ensure seamless

Low Voltage Electrical Distribution Products

From circuit breakers and buses to enclosures, panel boards and switchboards, we offer a full range of safe, reliable solutions for low-voltage electrical distribution applications.

Home | Aus Power Equip

Australian Power Equipment provide supply low, medium and high voltage equipment to clients across the Power Generation, Infrastructure and Resources industry. We provide new, near new and

Selling electrical equipment operating at extra-low voltage including ...

Energy Safe Victoria Overview Extra Low Voltage (ELV) is electrical equipment that operates at a voltage below 50V AC RMS or 120V (ripple-free DC). Equipment operating at ELV can still present a

Top 100 Switchgear Manufacturers in Australia (2026)

Tamco Australia has extensive experience in electrical switchgear, specializing in the manufacture and support of medium voltage switchgear (3.3kV to 36kV) and

Electrical – SRS Power

Local Expertise, leveraging over 30 years of experience in low-voltage electrical switchgear. Offering a complete solution for various electrical equipment types. Manufactured in Mild steel, aluminium or

AS 3820 Essential Safety Requirements for Low Voltage ...

AS 3820 Essential Safety Requirements for Low Voltage Electrical Equipment - Australian Capital Territory Description You may need to comply with this standard if you intend to manufacture low

About Insulect Australia

Insulect is an Australian electrical equipment manufacturer and engineering services provider with 30+ years of HV/MV experience.

Low Voltage Rescue Kit

The complete low voltage rescue kit NECA recommends the Brady low voltage rescue kit, as an ideal solution that will meet and exceed your safety obligations,

Manufacturer of Distribution Transformers in Australia

Beginning in 1956 as a specialised transformer manufacturer, ETEL accomplished high growth and success after shifting the business focus to distribution

Top Low Voltage Switchgear Manufacturers in Australia

Discover all relevant Low Voltage Switchgear Manufacturers in Australia, including All Round Supplies and Tamco Australia

MANAGING ELECTRICAL RISKS IN THE WORKPLACE

Safe Work Australia works with the Commonwealth, state and territory governments to improve work health and safety and workers' compensation arrangements. Safe Work Australia is a national policy

Low Voltage Products | Low Voltage Products | ABB

Full range of low voltage solutions to connect, protect, and control a wide range of electrical installations and applications in most industries

Low Voltage | Australian Electrification Industries

We proudly supply a meticulously curated range of Low Voltage products, sourced from the world's most innovative manufacturers, ensuring robust performance and foundational support for Australia's vast

Aussie Switchboards – Design, Manufacture and Deliver

At Aussie Switchboards, we specialise in the design and manufacture of low voltage power distribution boards, main switchboards, meter panels and motor control centres.

About CBI-Electric

We design and supply electrical main switchboards, distribution boards and load centres, as well as equipment and tools for professional electricians and installers.

Electrical Power Distribution

At APS Industrial we offer the local market a comprehensive portfolio of low voltage power distribution that is fully tested and compliant with Australian standards, and enables economical and responsible

Fuji SMBE Macquarie – Australian low voltage electrical switchboard ...

Located at Prestons in Sydney, we specialise in the design, manufacture and testing of modular and custom-engineered switchboards which can be constructed to short lead times as required. Fuji
