

Branded Industrial Switches

AI Overview

Top industrial switch brands include Cisco, Siemens, Rockwell Automation, Moxa, Omnitron, Antaira, and Phoenix Contact, known for reliability in harsh industrial environments.

Leading Industrial Switch Manufacturers

Cisco is a dominant player in industrial Ethernet switches, offering innovative networking products widely used across manufacturing, energy, and transportation sectors, with a focus on automation and IoT integration . Siemens AG provides industrial-grade Ethernet switches recognized for reliability and performance in harsh environments, supporting Industry 4.0 technologies and smart factory applications . Rockwell Automation delivers scalable networking solutions integrated into industrial automation ecosystems, emphasizing smart manufacturing and cybersecurity . Moxa offers a broad portfolio of unmanaged, managed, and PoE industrial switches, including rail-specific EN 50155 switches, with support for multiple industrial protocols like PROFINET, Modbus, and EtherNet/IP . Omnitron Systems Technology, Inc. specializes in fiber optic connectivity and Ethernet switches, providing solutions for LAN and WAN networks in industrial settings . Antaira Technologies manufactures robust industrial Ethernet switches designed for extreme temperatures, vibrations, and dust, suitable for factories, power plants, and transportation systems . Phoenix Contact is known for durable industrial switches with advanced features such as redundancy protocols, QoS, and rapid spanning tree protocol (RSTP) for reliable data flow in critical applications .
