

Busway Connector Nut

Overview

Bus duct replacement nuts are essential components for maintaining secure connections in bus duct systems. Compatible with any bus duct system for versatility and reliability in various applications. Available in stainless steel, silicon bronze, galvanized steel, aluminum, or. Square D™ brand I-Line™ Busway, manufactured by Schneider Electric, offers a complete line of compatible, sandwich-type feeder and plug-in busway lengths and fittings. It allows maximum flexibility, and ease of installation, and offers electrical efficiency in the distribution of low voltage power. Fastenwell is a leading bolts and nuts manufacturer in China, mainly producing and exporting hexagon bolts, hexagon nuts, carriage bolts and nuts, flange bolts and nuts, hex socket cap screws etc. Powerbus, I-Line, I-Line II Busway, Power-Zone The documentation available online is generally the latest.
