

Conical Optical Splitter Manufacturer

AI Overview

Leading manufacturers of optical splitters, including custom and specialty designs, can provide conical optical splitters for photonics and laser applications.

Key Manufacturers and Suppliers

- Thorlabs: Offers a wide range of optical beamsplitters, including plate, cube, pellicle, and dichroic types. They provide custom solutions and coatings for UV, visible, and IR wavelengths, which can be adapted for conical splitting applications (Thorlabs.com) .
- Edmund Optics: Supplies standard and specialty beamsplitters, including polarizing, non-polarizing, and dichroic types. They offer anti-reflection coatings and custom configurations suitable for precision light splitting in research and industrial setups (EdmundOptics.com) .
- Ross Optical Industries: Known for precision optical components, including polarizing and custom beamsplitters that can be configured for multi-directional or conical light splitting (GoPhotonics.com) .
- GoPhotonics Directory: Lists over 1,800 beam splitter products from 30+ manufacturers, allowing users to filter by type, wavelength, and custom capabilities. This resource is useful for identifying suppliers who can provide conical or multi-output optical splitters (GoPhotonics.com) .
- Other Notable Suppliers: Union Optic Inc., Phosstech Photonics Ltd., Roithner Lasertechnik, Clear Beam Corp, Omega Optical, Foctek Photonics, OptoSigma Corporation, and MOXTEK, Inc. These companies offer specialized or custom beam splitters that may be adapted for conical splitting applications (GoPhotonics.com) .

Article Content

Optical Beamsplitters Explained | Cube & Polarizing Types

The reflected and transmitted optical paths have different lengths, and there is a beam shift in transmitted light. Although these optics

Optical splitters | WEINERT Industries AG

WEINERT Industries offers everything related to topic Optical splitters. Benefit from our know-how of German engineering expertise.

Beam Splitters | Polarizing | Dichroic | LightMachinery

Beam splitters take on many forms; cubes, plates, hexagons, pentagons, polarizing, non -polarizing (usually somewhere in between),

Top 100 Optical Splitter Manufacturers in 2026 | ensun

Fibre2EU specializes in manufacturing high-quality fiber-optic solutions, including optical splitters. Their product line features

Holo/Or Design & Manufacture Diffractive Optical Elements & Micro-Optics

Beam Splitter are optical elements that split a single laser beam into several beams with precisely controlled separation angles

FBT Splitter: Fused Biconical Taper

FBT splitter, called fused biconical taper splitter, uses a high-temperature fusion splicer to fuse two or more

Optical Beamsplitters

Thorlabs offers a wide range of optical beamsplitters. Our plate beamsplitters have a coated front surface

1x2 FBT (Fused Biconical Taper) Fiber Optic Splitter (Multimode)

1x2 FBT (Fused Biconical Taper) Fiber Optic Splitter (Multimode) FBT (Fused Biconical Taper) Fiber Optic Splitters. These devices

China PLC Splitter Manufacturers and Suppliers

Wholesale customized plc splitter on fiberopticom . We're well-known as one of leading plc splitter manufacturers and suppliers

Beam Splitters

A Beam Splitter is an optical device that splits a beam of light into two or more beams. Beam Splitters from the leading

Optical Splitter Market Research Report 2034

Corning Incorporated maintained a leading position in the optical splitter market in 2025, leveraging its dominant global presence in

Top 100 Optical Splitter Manufacturers in 2026 | ensun

Discover all relevant Optical Splitter Manufacturers worldwide, including PPC Broadband and T& S Communications

Top 100 Fiber Optic Splitter Suppliers in 2026 | ensun

T& S Communications specializes in manufacturing high-quality fiber optic splitters, including PLC splitters and FBT couplers, which

Beamsplitters

High-Precision Light Splitting & Combining A beamsplitter (beam splitter) is a precision optical component used to divide a beam of

Fiber Optic Splitter Manufacturer | PLC & FBT Splitters

Fiber Optic Splitter Manufacturer for FTTH & PON Networks A fiber optic splitter is a passive optical device

Optical Beamsplitters | Beamsplitter Selection | Edmund Optics

Find top-quality Beamsplitters for laser systems & more. Shop a variety of beamsplitters at Edmund Optics for precision light splitting

Beam Splitters – optical power splitter, beamsplitter, thin-film ...

What are Beam Splitters? A beam splitter (or beamsplitter, power splitter) is an optical device which can split an incident light beam

Beamsplitters

Precision Optical offers a wide selection of both standard and custom beam splitters of the following varieties: Cube,

Types of Fiber Optic PLC Splitter Factory, Supplier, Manufacturer

High-quality Fiber Optic PLC Splitters from OTRANS, a leading manufacturer. Explore 1xN/2xN types like mini tube, bare, ABS box

Custom Beamsplitters

Custom Beamsplitters ZYGO specializes in providing large format, complex beamsplitters for use in aerospace, defense, and

Optical Beamsplitter

A beamsplitter is an optical component used to split a beam of incident light into two parts in a laser or illumination system. Cube

Custom Beamsplitters

Excelitas offers precision fabrication and coating techniques that enable us to create high performance cube beamsplitters that

Beam Splitters – Buyer's Guide & Supplier List | RP

This buyer's guide for beam splitters provides technical background, comparison of major types, selection

1x2 Fused Biconical Taper Fiber Optic Splitter (Smode) | CablesPlusUSA

1x2 FBT (Fused Biconical Taper) Fiber Optic Splitter (Singlemode OS2) FBT (Fused Biconical Taper) Fiber Optic Splitters. These

OZ Optics Online | Fiber Optic Beamsplitters

This flexible design allows one to manufacture splitters with different fiber types on the input and output ports. Miniature inline
