

Denmark underground optical cable price

AI Overview

The average import price of optical fiber cables in Denmark in 2024 was approximately \$6,396 per ton, while export prices averaged \$40,995 per ton, reflecting significant market growth and fluctuations.

Current Pricing Overview

In Denmark, the import price of optical fiber cables has seen fluctuations over the past decade. In 2023, the average import price was \$5,109 per ton, representing a sharp decline from previous years, while in 2024, it increased to \$6,396 per ton due to market recovery and demand growth. On the export side, Denmark's optical fiber cables commanded an average price of \$40,995 per ton in 2024, showing a 39% increase compared to prior years. Prices vary depending on the supplier country, cable type, and specifications.

Market Dynamics

Denmark sources most of its optical fiber cables from France, Poland, and Germany, with France being the largest supplier, accounting for 31% of total imports by value. Export destinations include Germany, the Netherlands, and Sweden, which together make up 74% of total exports. The market is influenced by global production trends, technological advancements, and demand for high-speed internet and telecommunications infrastructure.
