

Egypt quotes for modular data center IP68

AI Overview

IP68-rated modular data centers in Egypt can be sourced from local and international suppliers, with Schneider Electric and specialized modular construction companies offering tailored solutions.

Key Suppliers and Solutions

- **Schneider Electric Egypt** Schneider Electric provides prefabricated, weatherproof, fire-resistant modular data centers that can be deployed quickly in various environments, including outdoor and harsh conditions. Their solutions integrate UPS, cooling, racks, and management software in pre-assembled modules, ensuring high reliability and IP68-level protection against dust and water ingress. Schneider Electric offers customizable designs to meet specific power, cooling, and IT requirements, and you can request a quote directly through their website or local distributors .
- **Local Modular Construction Companies** Companies such as OsmaCom, ICON, and Space Air specialize in modular and prefabricated buildings suitable for data center applications. They provide turnkey services, including engineering, installation, and MEPF (mechanical, electrical, plumbing, and fire protection) integration. Many of these companies can deliver IP68-rated enclosures with features like galvanized panels, heat insulation, and water/fireproofing .
