

Egyptian Medium Voltage Distribution Box Manufacturer

AI Overview

Leading Egyptian manufacturers of medium voltage distribution boxes include 2M Electric Egypt, TEBA UNITED, EMAS, and KSA El-Tholathia, all offering certified, high-quality electrical distribution solutions.

1. 2M Electric Egypt

2M Electric Egypt specializes in low and medium voltage equipment, including KIOSK compact substations, SF6 & Air RMUs, switchgears, and transformers. Their production facility is certified under ISO9001, ISO14001, and ISO45001, and many products have passed international certifications such as LvT, KEMA, and CESI. They provide a complete range of medium-voltage equipment compliant with national and international standards, emphasizing high-quality manufacturing and modern technology integration .

2. TEBA UNITED

TEBA UNITED has over three decades of experience in delivering advanced electrical distribution solutions. They specialize in medium and low voltage systems, supporting critical power infrastructure and data center solutions. The company collaborates with international partners like AEC Italy to integrate advanced technology into their products. TEBA UNITED also provides comprehensive contracting services, including electrical, mechanical, civil, and low-current systems .

3. Egyptian Manufacturing and Advanced Systems (EMAS)
