

Grenada Long Span Cable Tray Manufacturer

AI Overview

There are no known Grenada-based manufacturers of long-span cable trays, but international suppliers and distributors provide options for Grenada.

Overview

Long-span cable trays are designed to support heavy cable loads over large distances (typically 6 meters or more between supports) without compromising structural stability, making them ideal for industrial facilities, warehouses, stadiums, and bridges . They are engineered to handle power cables, HVAC wiring, and other electrical systems efficiently while minimizing installation time and material costs.

International Suppliers Accessible to Grenada

- Emit Metal Elektrik (Turkey) – A leading manufacturer of metal cable trays, ladders, and trunking systems with a monthly production capacity exceeding 1000 tons. They offer a wide range of cable support systems suitable for industrial applications .
- EKIP Elektromekanik Ltd. – Produces cable trays, ladders, clamps, underfloor trunking systems, and specialized products. Their systems are designed for heavy-duty and long-span installations .
- Dexian Metal – Offers long-span cable trays engineered with prestressing methods to reinforce the tray and correct deflection, ensuring stability under heavy loads .
- Cablofil (Global) – Provides wire mesh cable trays and ladder systems, available for delivery across Grenada. They are recognized for innovative and reliable cable management solutions .
