

How much does outdoor fiber optic cable cost per meter

AI Overview

Outdoor fiber optic cable typically costs between \$0.30 and \$20 per meter, depending on type, strand count, and construction.

Price Range

- Single-mode fiber: Approximately \$0.30 to \$1.50 per meter for standard outdoor cables, with higher-end armored or direct-burial versions costing up to \$5 per meter .
- Multi-mode fiber: Usually ranges from \$0.90 to \$3 per meter, depending on strand count and cable quality .
- High-strand-count backbone cables: Large outdoor cables with 24 to 288 strands can cost \$5 to \$20 per meter due to increased material and manufacturing complexity .
- Pre-terminated or patch cables: Factory-terminated outdoor cables with connectors can cost more, often \$10 to \$20 per meter, depending on fiber count and connector type .

Factors Affecting Cost

- Fiber Type and Count: Single-mode fibers are cheaper per meter than multi-mode, but multi-strand cables increase the price proportionally.
- Cable Construction: Armored or direct-burial cables designed for harsh outdoor environments are more expensive than standard outdoor-rated cables .
