

Huawei 10 Gigabit Fiber Hybrid Switch

Overview

Huawei eKitEngine S620-24T16X8Y2CZ is an enhanced fully-managed 10GE switch designed for the small and medium-sized business (SMB) market. It provides a variety of ports, such as GE electrical, 10GE optical, 40GE optical, and 100GE optical, supporting flexible and high-bandwidth. Huawei's comprehensive portfolio of products and solutions enables you to realize smooth digital transformation and rapid growth of virtualization, Big Data, and cloud services. Huawei switches already help customers achieve success in industries such as finance, Internet, retail, education. Huawei's SFP-10G-Hybrid photoelectric mixing module is designed for high-speed data transfer. Targeted at IT professionals and network engineers, this single module (1310 nm, 1.4km-pitch, PDLC) supports 10G, 2.5G, and GE speeds, providing versatility and efficiency. It can be used in a data center to provide 10 Gbit/s access to servers or function as a core switch on a campus network to provide 10 Gbit/s traffic aggregation.
