

Huawei Core Switch 7760

Overview

The Huawei CloudEngine S7700 Series is a top-tier Modular Core Switch platform—offering scalable throughput, PoE integration, secure VXLAN fabrics, MACsec, and wireless AC capabilities. This document provides campus networks typical configuration examples and feature typical configuration examples. and security, in addition to high-performance Layer 2 to Layer 4 switching services. With chassis options like the S7703, S7706, and S7712, this series delivers flexible port expansion, PoE support, advanced virtualization, MACsec security, and intelligent. Huawei's CloudEngine S7700 Series offers modular, high-performance core switches tailored for campus and enterprise networks.
