

Industrial Sealed Distribution Box

Overview

(1) Waterproof distribution box engineered for harsh outdoor and industrial environments, providing IP65–IP68 sealing against dust, rain, and UV. (2) Flexible options including plastic waterproof distribution box and DIN rail waterproof electrical distribution box for versatile. MARECHAL® electrical enclosures are designed for low voltage electrical installations. They are designed and manufactured to be installed in extreme environments and offer a high degree of modularity to meet a wide range of applications. 3 to 15 modules: Wide range of sizes for all setups. Quick installation: Safe and easy mounting process. We supply these enclosures as empty enclosures or, on request, assembled with. The VX25 and TS 8 baying enclosure systems and SE system enclosures feature an engineered frame section that enables interior installation on two mounting levels to optimize usable space. Engineered into a standard 1RU footprint that support up to 20A GMT fuses in. These Distribution Boxes enable decentralized installation of the electronics close to the load. SMART DISTRIBUTION BOXES FOR FLEXIBLE BUILDINGS.
