

Industrial-grade optical module manufacturing company

AI Overview

Leading industrial optical module manufacturers include Zhongji Innolight, Eoptolink, Huagong Tech, Accelink, and Linktel, with China dominating global production.

Key Manufacturers

- Zhongji Innolight Co., Ltd. – A global leader in high-speed optical communication modules, offering 100G, 200G, 400G, and 800G modules for cloud data centers and telecom networks. They integrate R&D, design, packaging, testing, and sales, serving major clients like Meta, Google, and Amazon .
- Chengdu Eoptolink Communication Technology Co., Ltd. – Established in 2008, Eoptolink provides high-performance optical modules and devices for data centers, telecommunications, smart grids, and security monitoring. Their products comply with international standards such as TUV, CE, UL, FCC, FDA, RoHS, and REACH .
- Huagong Tech – Specializes in optical transceivers and modules for telecom and data communication applications, focusing on high-speed and high-capacity solutions .
- Accelink – Offers a wide range of optical modules and components, including coherent and high-speed modules for backbone and core networks .
- Linktel – Provides optical communication solutions, including modules for 5G fronthaul, midhaul, and backhaul networks . Other notable suppliers in the upstream optical device and chip segment include TFC, T&S Communications, Advanced Fiber Resources, Borui Technology, Optowide Technologies, Yuanjie Semiconductor, and Shijia Photons .
