

Investigation of the former Thai Zhou Bridge Pipe Factory

Overview

WASHINGTON —On June 18, 2025, U. Customs and Border Protection (CBP) issued its notification of initiation of investigation and interim measures as to evasion by Amek Aluminum & Stainless, Inc. ; American Pipe Products Inc. The US Department of Commerce announced the preliminary results of its dumping investigation into Thai circular welded carbon steel pipe (CWP). While backing the inquiry, the embassy also condemned what it described as " smear campaigns " and distortions of facts. A recent investigation reveals that mountain torrents and flooding led to a catastrophic bridge failure in Shaanxi Province, resulting in significant loss of life. Google Scholar provides a simple way to broadly search for scholarly literature. Numerous Thai government agencies are investigating two Chinese companies responsible for the construction of the collapsed State Audit Office in Bangkok, with probes expanding to many other related companies, according to the Ministry of Commerce. The investigations focus on China Railway.
