

Italian power cable tray manufacturer processing

AI Overview

Leading Italian cable tray manufacturers like SITIE and Spina Group produce high-quality, customizable cable trays using materials such as hot-dip galvanized steel, stainless steel, Sendzimir, and aluminum, with full compliance to international standards.

Key Manufacturers

SITIE Founded in 1945 in Ferrara, SITIE specializes in industrial installations and cable tray systems for sectors including Oil & Gas, chemical, pharmaceutical, and food industries. Their production focuses on hot-dip galvanized steel and stainless steel, with optional Sendzimir and aluminum. SITIE emphasizes customization, handling small and large lots, and meeting stringent specifications for material thickness, dimensions, and certifications. Their workflow includes engineering, manufacturing, testing, and full documentation to comply with international standards . Spina Group (Schiavetti Tekno) Operating since 1964, Spina Group manufactures stainless steel, galvanized, and wire mesh cable trays in various types: ladder, perforated, closed, and wire-mesh. They provide custom sizes, including standard 300 mm trays, and ensure compatibility with Unistrut systems. Their processing includes thermal expansion joints, copper bonding for electrical continuity, and protective covers for indoor and outdoor environments. Materials include hot-dip galvanized steel, stainless steel, and optional aluminum for lightweight or corrosion-sensitive applications .
