

List of tools for installing electrical distribution boxes

AI Overview

Installing an electrical distribution box requires a combination of hand tools, power tools, mounting accessories, and safety equipment to ensure a safe and efficient setup.

Essential Hand Tools

- **Screwdrivers:** Phillips, flathead, and square-head types for fastening screws and terminals .
- **Pliers:** Lineman's, needle-nose, and diagonal pliers for gripping, cutting, and bending wires .
- **Wire Strippers:** For safely removing insulation from electrical wires without damaging the conductor .
- **Measuring Tape:** To measure distances for proper placement and alignment of the box .
- **Utility Knife:** For cutting insulation, cable sheaths, and other materials .
- **9/16-inch Wrench:** Often required for tightening hardware and mounting brackets .
- **Level:** Ensures the distribution box is installed straight and aligned .
- **Insulated Gloves and Cut-Resistant Gloves:** Protect hands from electrical hazards and sharp edges .
