

Mexican fiberglass cable tray manufacturer for sale

AI Overview

SIESA® and Cable House are leading Mexican manufacturers of fiberglass (FRP) cable trays, offering durable, non-conductive, and corrosion-resistant solutions for industrial and commercial applications.

SIESA®

SIESA® specializes in ladder-type fiberglass-reinforced plastic (FRP) cable trays, designed for industrial and commercial environments. Their trays are non-conductive, providing safety in case of cable insulation failure, and are resistant to corrosion, UV rays, and fire, complying with ASTM E-84 and ASTM D-635 standards. SIESA® trays are lightweight, easy to install, and available in custom dimensions to fit project requirements. They are UL-certified and have a durability of up to 30 years, making them suitable for offshore platforms, factories, and data centers (SIESA®) .

Cable House

Cable House, established in 1983, is a recognized manufacturer and supplier of cable trays in Mexico, including fiberglass options. They provide customized solutions for electrical infrastructure, emphasizing high durability, corrosion resistance, and reliable performance. Cable House serves both national and international markets, offering products for industrial, commercial, and infrastructure projects. Their expertise includes cable trays, hose clamps, cable ties, and crimping tools, ensuring comprehensive cable management solutions (Cable House) .
