

Moroccan fiber optic sensor manufacturer

AI Overview

InesKonect is a Moroccan company specializing in the manufacturing of fiber optic solutions, including high-performance sensors for FTTH and telecom applications.

InesKonect Overview

InesKonect is a Moroccan brand produced by INES, a pioneer in industrializing products for the FTTH and telecom sector . With over 43 years of expertise, INES has developed a strong reputation for delivering high-quality fiber optic solutions that ensure fast and reliable connectivity. Their products are designed for both national and international markets, including Africa and Europe, and are installed in networks across multiple countries .

Products and Applications

InesKonect specializes in fiber optic solutions that support seamless internet connectivity and high-speed data transmission. Their offerings include components and systems suitable for triple play (video, voice, data) and quad play services, as well as FTTH networks. These solutions are tailored to meet the needs of telecom operators, installers, and industrial applications requiring robust and reliable fiber optic sensors .

Other Moroccan Fiber Optic Companies

- Fiber Corp: While primarily a distributor and reseller of fiber optic products, Fiber Corp provides FTTx solutions, passive optical cabling systems, and high-speed network components in Morocco .
- Kerix: Offers a directory of Moroccan suppliers for fiber optic networks, including cabling, network infrastructure, and fiber optic cable manufacturing .
