

Network Cabinet Fiber Optic Equipment

Overview

An fiber optic cabinet also called optical cross connect cabinet, which is a specialized enclosure designed to house and organize various network equipment, including switches, routers, storage devices, and ODFs etc. The floor cabinets combine modern aesthetics with a range of functional details that provide an optimal experience for IT infrastructure. Our line of FDH cabinets can be ground mounted, pole-mounted, and wall-mounted. Every enclosure is built at our facility in Strafford, Missouri, using U. Whether the network is point-to-point fiber, ring, or point-to-multipoint (with optical splitters), the FDH. Incorporating Clearfield's philosophy of modularity and flexibility, the FieldSmart ® Fiber Distribution Hub (FDH) sets the bar for fiber access, protection and density among outside plant fiber cabinets for PON, cross-connect or hub collapse environments. The FieldSmart ® Fiber Active Cabinet.
