

No orders for optical fiber cables in the telecommunications industry

Overview

The fiber optic industry is experiencing an unprecedented supply crunch. If you have sourced optical fiber g657 cables in the past month, you have likely encountered extended lead times, skyrocketing quotes, and the dreaded words: "out of stock. " This is not a temporary fluctuation. In August, Incab America, a Texan maker of fiber-optic cable, notified customers. Last summer, reports were suggesting that fiber providers were struggling to get hold of the materials necessary to run their networks. These. The global wire and cable market, valued at approximately USD 267. Overall Demand: Global Surge, Reaching Record High in 2026 Global optical fiber demand in 2026: 750-800 million core kilometers Year-on-year growth: 28%~30%, far higher than the. We kept hearing in 2024 that the optical transport market was still in recovery mode, as customers continued to wade through excess equipment inventory. Dell'Oro Group VP Jimmy Yu told Fierce vendors have.
