

Norwegian Fiber-Coated Spiral Tubing Anti-Static

AI Overview

Norwegian fiber-coated spiral tubing with anti-static properties is designed to prevent electrostatic charge buildup while providing flexibility, chemical resistance, and durability for industrial applications.

Key Features

Article Content

Anti-static hose, Anti-static flexible piping

Color: transparent with dark grey spiral Features: Transparent, ester-based TPU spiral hose, reinforced

Antistatic hoses

Yes, you need an antistatic hose if you are transporting a medium that creates static electricity through friction (e.g. substances with

Antistatic tubes from APT | Safe, conductive & chemical-resistant

APT antistatic tubes prevent electrostatic charges and offer high flexibility and chemical resistance. Perfect for laboratory, industrial

Antistatic hoses

Antistatic hose is a hose that is used to transport media that generate electrostatic charges but are unable to discharge them

No-Shock® | Ascend Performance Materials

No-Shock® anti-static fiber from Ascend Performance Materials is an economical, permanent anti-static solution that is dyeable for

Static Control Hose | McMaster-Carr

Choose from our selection of static control hose, including duct hose and duct hose fittings, hose, and more. Same and Next Day

Transparent TPU PVC Spiral Antistatic Hose | The Rubber Company

This spiral hose is constructed with a unique ester-based TPU wall that boasts permanent antistatic properties (with an electrical

Electroconductive and permanently antistatic hoses | Masterflex

You should take care to prevent electrostatic charges from the outset. For use in potentially explosive atmospheres, you should use

Antistatic Tubing

SMC's TAS and TUS antistatic tubing is conductive tubing designed to ground out static. Both series work in conjunction with our KA

Prismatic Powders

24" x 12.7 mm (.5") Antistatic Powder Tubing, product ID SE-4202. Prismatic Powders offers more than 6,500 powder coating colors,

Antistatic spiral tubes

Antistatic applications in potentially explosive atmospheres (explosion protection) are suitable for transporting highly flammable

Spiral Tubing | Shrink and Non-Shrink | Electrolock

Electrolock offers spiral tubing for many applications. Our spiral wound tube solutions use polyester, polyimide, aramids, fiberglass &

Antistatic Tubing

Series TAS is designed for air pressure piping to product or assembly while preventing static electricity. It is made of a conductive

Anti-static fibers and yarns

Benefits of Bekaert metal fibers for anti-static textiles include high conductivity and flexibility, softness, and outstanding contact

Suction-pressure PU spiral hoses

Suction-pressure PU spiral hoses - flame-resistant, anti-static & resistant to hydrolysis, DIN 4102 B1 (126 various items) - Order

Anti-Static Tube | Polyurethane | Metric | Legris

Engineered with conductive particles, this tubing effectively dissipates static build-up, enhancing safety in environments where

Conductive tubing | Products | Polyfluor

In applications creating static charge (for example: using a medium with a high flow rate), we advise conductive (antistatic) PTFE

Anti-Static Polyurethane Tubing [Model Number: ASPU]

Anti-Static Flexible Polyurethane Tube | Anti-Static Polyurethane tubing is suitable for those who have trouble in the generation of the

Antistatic spiral tubes

Antistatic tubes, coils and spray guns: assembled as a set on request Everything from a single source: For safe application, reduced

Spiral Tubing | McMaster-Carr

Choose from our selection of spiral tubing, including spiral sleeving, chemical-resistant spiral sleeving, and more. Same and Next

Spiral Protection Tubes

Unlike this older solution, the spiral tube ensures perfect roundness without overlaps, providing optimal rotor balance and preventing

Anti-static pipe, Anti-static tube

Find your anti-static pipe easily amongst the 12 products from the leading brands (Parker, Red Rooster,

Anti-static PVC Reinforced Tubing with Spiral Steel Wire

Other recommendations for your business Durable Construction: Our Anti-Static PVC Reinforced Tubing With Spiral Steel Wire is

Tubing | IMI Norgren

Good, reliable tubing manufactured to published quality standards should always be used when piping systems. Tubing channels
