

Panel-mounted industrial switches

Overview

Complete guide to selecting industrial control panel switches: environmental requirements, switch types, IP ratings, safety compliance, and industry-specific applications for manufacturing environments. Panel Mount Switches are available at Mouser Electronics. From toggles to pushbuttons, rockers to micro switches, APEM develops and produces one of the widest ranges of interfaces dedicated to panels. From even the most standard 12 mm or 16 mm cut-out to specific 6 mm to. CAPTRON switch range is designed with a high resistance to wear and tear, corrosion and harsh use in potentially hostile environments such as machine control and access control applications.
