

# Price of round-port fiber optic coupler

## AI Overview

Fiber optic round port couplers typically range from \$2 to \$50 per unit depending on type, mode, and manufacturer.

### General Pricing Overview

The cost of a fiber optic round port coupler varies based on several factors:

- Type of coupler: Fused Biconic Taper (FBT) couplers are generally more affordable, while Planar Lightwave Circuit (PLC) couplers and WDM couplers are higher-end and more expensive .
- Mode: Singlemode couplers usually cost more than multimode couplers due to tighter tolerances and lower insertion loss requirements .
- Port configuration: Simple 1x2 or 2x2 couplers are cheaper, whereas 1x8, 1x16, or high-power couplers can cost significantly more .
- Connector type: LC, SC, ST, or MTP connectors can influence price, with field-terminable or specialty connectors being more expensive .
- Quantity: Bulk purchases often reduce the per-unit cost, while single units from retailers like Amazon or Mouser may be at the higher end of the range .

### Typical Price Ranges

- Basic FBT 1x2 or 2x2 couplers: \$2-\$10 per unit .
- PLC 1x4 or 1x8 couplers: \$15-\$50 per unit .
- High-power or dual-window couplers: \$30-\$100 depending on specifications .
