

Price quote for best-selling fiber optic patch cords

AI Overview

Fiber optic patch cords typically range from \$5 to \$50 per unit, depending on type, length, and quality.

Typical Price Ranges

- Single-mode OS2 patch cords: Usually \$5–\$20 for standard lengths (1–3 meters) with LC or SC connectors. Higher-quality or longer cords can cost more due to testing and certification requirements .
- Multimode OM3/OM4 patch cords: Generally \$8–\$25 for 1–3 meters. OM5 or specialized shortwave multiplexing cables may be more expensive .
- MPO/MTP patch cords: These multi-fiber connectors are more complex and can range from \$30–\$100+, especially for 12F or 24F cores with precise alignment and polishing .
- Armored or LSZH cables: Designed for harsh environments or public buildings, these can add \$5–\$15 per cord compared to standard jackets .

Factors Affecting Price

- Connector Type: LC, SC, ST, and FC are common; angled APC connectors are more expensive than UPC types .
- Cable Length: Prices increase linearly with length, but bulk orders often reduce per-meter cost .
