

Pricing of Single-Mode LC Fiber Pigtail

AI Overview

Single-mode LC fiber pigtails typically range from €1.60 to €3 per 1-meter unit, depending on specifications and supplier.

Price Overview

Single-mode LC fiber pigtails are available in various lengths (1m, 2m, 3m, 5m) and connector types (UPC or APC), with prices influenced by fiber type, jacket material, and quantity ordered. For example, a 1-meter LC UPC single-mode pigtail (OS2, PVC jacket, 0.9mm) is priced at €1.60 excluding VAT on FS.com Europe, with VAT varying by delivery location . Other suppliers may offer similar pigtails in kits or multi-fiber assemblies, which can slightly increase the cost per unit .

Factors Affecting Pricing

- Connector Type: UPC connectors are generally slightly cheaper than APC due to manufacturing complexity .
- Cable Length: Longer pigtails (2m, 3m, 5m) cost more proportionally.
- Fiber Standard: Bend-insensitive fibers (G.657.A1) or 10G OM3/OM4 fibers may increase the price .
- Packaging and Kits: Multi-fiber kits (e.g., 12-fiber LC pigtail kits) include color-coded strands and clamshell packaging, which can raise the price but improve installation efficiency .
- Supplier and Shipping: Prices vary by supplier, region, and shipping options. Some suppliers offer fast delivery and project-based pricing for bulk orders .

Typical Applications
