

Ranking of Manufacturers of Fiber Optic Cable Electric Pulling Equipment

AI Overview

Leading manufacturers of fiber optic cable electric pulling equipment include Lemco, General Machine Products, and WCT, with major market presence in China and the United States.

Top Manufacturers and Market Leaders

Based on recent market research, the key players in the global fiber optic cable pulling equipment market are concentrated in China and the United States, reflecting high industry concentration and technological investment . Notable manufacturers include:

- Lemco – Recognized for advanced motorized and portable cable pullers, widely used in telecom and industrial applications .
- General Machine Products (GMP) – Offers a broad range of electric pulling equipment, including high-capacity winches and precision cable pullers for long-distance fiber installations .
- WCT – Known for durable and versatile fiber optic cable pulling systems, supporting both underground and aerial deployments .
- Other notable players – Include regional manufacturers in China and Europe who provide specialized solutions for single-mode and multi-mode fiber installations .
