

Rwanda CIF price 1U container rack

AI Overview

The CIF price for a 1U container rack in Rwanda includes the cost of the rack, international shipping, insurance, import duties (0-35%), and 18% VAT, calculated on the CIF value.

Understanding CIF Pricing in Rwanda

Rwanda calculates import taxes based on the CIF value, which includes:

- Cost of the goods (the purchase price of the 1U rack)
- Insurance for shipping
- Freight or shipping charges to Rwanda's port or border This means the taxable base for customs duties and VAT is higher than the FOB (Free on Board) price, as it includes shipping and insurance costs .

Import Duties and VAT

- Rwanda applies the East African Community (EAC) Common External Tariff (CET) for imports from outside the EAC, with duty bands of 0%, 10%, 25%, and 35% depending on the product category .
- Electronics and IT equipment, such as server racks, typically fall under 10-25% duty, but the exact HS code must be verified for accurate classification .
- VAT is 18%, applied on the CIF value plus any import duty .
