

Specifications and Models of Industrial Distribution Boxes in Myanmar

AI Overview

Industrial distribution boxes in Myanmar include plastic modular boxes and ZBW-type prefabricated substations, designed for various industrial, commercial, and residential applications.

Plastic Modular Distribution Boxes

Plastic distribution boxes are widely used for low-voltage AC circuits (50Hz, 220V/380V) in homes, commercial buildings, hospitals, airports, and industrial facilities. Common series include HA, HK, LGD, MB-ABC, MB-AF, MB-AS, and MB-LF. Key specifications for MB-ABC series are:

- Dimensions: Length 200–328mm, Width 172–174mm, Height 95mm
- Material: Flame-resistant ABS plastic with excellent insulation and impulse-proof properties
- Standards: Compliant with BS EN60439-3 and JB/T7121-93
- Features: Modular design, easy installation and dismounting, elegant appearance, suitable for modular combination equipment These boxes are ideal for modular distribution boards, providing safe and reliable housing for electrical circuits in various environments .

ZBW-Type Prefabricated Substations
