

Types of waterproof electrical distribution boxes in Iraq

AI Overview

Key waterproof electrical distribution box models available in Iraq include the AT Series, HT Series, and EKDB10 Series, all offering IP65–IP68 protection for industrial, commercial, and photovoltaic applications.

Overview of Available Models

1. AT Series

- Compact, value-focused enclosures suitable for tight spaces and straightforward cabling.
- Designed for outdoor and industrial use with IP65–IP68 sealing.
- Supports plastic housings and DIN rail configurations for versatile wiring needs.
- Ideal for lighting, pumps, and solar systems in harsh environments . 2. HT Series

- Larger internal space for cleaner routing and additional terminals.
- Suitable for installations requiring small DIN rail setups.

- UV-stabilized housings recommended for sun-exposed environments.

3. EKDB10 Series

- Constructed from durable PC engineering plastics with high mechanical strength and weather resistance.
