

UAE-made cable trays are of high quality

AI Overview

Cable trays in the UAE are of high quality, manufactured to international standards with durable materials and certifications ensuring reliability for industrial, commercial, and residential applications.

Manufacturing Standards and Certifications

UAE cable trays are produced by leading manufacturers such as Ruwais Steel, Unigroup, DANA Steel, BonnGulf, and West Port, all of which adhere to strict quality guidelines and international standards. Many of these companies hold ISO 9001:2008 certification, ensuring consistent quality control, testing for tensile strength, dimensional accuracy, and hardness during production. Standards compliance includes BS EN 1461:1999, BS EN 10327:2004, IEC 61537, NEMA VE 1, and NFPA 70, guaranteeing safe and reliable installation.

Materials and Types

Cable trays in the UAE are available in a wide range of materials and finishes to suit different environments:

- Steel and Mild Steel: Standard and heavy-duty applications
- Hot-Dip Galvanized (HDG) and Pre-Galvanized: Enhanced corrosion resistance for outdoor or industrial use
- Stainless Steel (Grades 304 and 316L): High durability and chemical resistance
- Aluminum: Lightweight and corrosion-resistant
- Powder-Coated or Epoxy-Coated: Scratch-resistant and aesthetically customizable
