

Waterproof support post for outdoor power distribution box

Overview

A support rod is a mechanical arm designed to hold the cover or door of a waterproof outdoor electrical box in an open position. This feature prevents the lid from accidentally slamming shut due to wind or gravity, which protects the internal wiring and the technician's hands. Find sturdy, low-profile options in various colors to seamlessly blend with your decor. **Namunanee Outdoor Electrical Junction Box with High Power Outlet, 16" H* 12" L* 5. 9" W, ABS Water Resistant Enclosure with Internal Mounting Panel & Hinged Cover.** Here's what you need to know: **Key Features to Look For:** **Top Applications:** Whether you're adding a new outdoor outlet for holiday lights or upgrading an existing. This guide explains how E-abel outdoor distribution panels are engineered to survive harsh environments by combining weatherproof electrical enclosures with the right IP-rated connectors, industrial plugs, and cable glands.
